M.P. Acctech selects Sage Accpac ERP by Sage India

M.P. Acctech selects Sage Accpac ERP by Sage India and services from Niyuj Enterprise Software Solutions to integrate business operations, reduce costs and improve turn around time

May 16, 2009 - *PRLog* -- M.P. Acctech selects Sage Accpac ERP by Sage India and services from Niyuj Enterprise Software Solutions to integrate business operations, reduce costs and improve turn around time

Financial Services firm uses Sage Accpac ERP and consulting services from Niyuj Enterprise Software Solutions to provide outsourced accounting services to its international customers.

Sage Software India announced today that M.P Acctech Solutions Pvt. Ltd successfully implemented Sage Accpac ERP to gain better control over their backend processes and achieve superior operational efficiency.

The solution was implemented by Pune based Partner Niyuj Enterprise Software Solutions Pvt. Ltd. The application will assist M.P Acctech to automate its financial and operational processes required to provide back office accounting services to its international customers. Modules of General Ledger, Accounts Payable, Bank Services, Tax Services, TDS and Accounts Receivable are implemented along with several custom reports required for easy access and appropriate representation of data.

With Sage Accpac ERP and consulting services from Niyuj, M.P Acctech will be able to manage, operate and provide detailed accounting data to its global customers like important sales information and outstanding balances. Sage Accpac ERP's reporting capability allows M.P. Acctech India to upload MIS reports in a pre defined format as directed by its customers, therefore improving the reporting process and data visibility.

Sage India – Managing Director, Mr. Thomas Abraham stated, "we are enthusiastic and confident that M.P Acctech will be able to realize significant and fast return on their investment in Sage Accpac ERP. At Sage, we are committed to simplifying the job of building business applications which can fit into the unique business requirements of our customers such as M.P Acctech."
