

Newly-released AV Movie Morpher 2.0 to delight movie makers

By AVnex Ltd

Dated: Oct 25, 2006

AV Movie Morpher 2.0 has officially joined in AVnex's stock as one of the leading movie editors in the multimedia software market.

(October 25, 2006)- Audio4fun.net- AV Movie Morpher 2.0 has officially joined in AVnex's stock as one of the leading movie editors in the multimedia software market. Brief product's introduction is presented at: <http://www.audio4fun.net/promotion.htm>

"We believe that this is a breakthrough in the movie production for both amateur and semi-professional movie makers," happily said Helen Le- Audio4fun Sale& Marketing Manager.

Planned to be an advanced replacement for previous DVD Player-Morpher, Movie Morpher 2.0 is more than just a normal DVD player or movie editor software. This new product surpasses other old versions with many new useful modules.

What's new in this movie editor software?

- Voice Dubbing Module: allows users to create different voices of males and female, babies, even animals to dub various kinds of movies, cartoons; no time limitation for dubbing; easy-to-use Mix, Merge buttons for your operations.
- Funny Space Tab: customer can freely access AVnex online "funny stuffs" to download a wide range of effects packages, ringtones, funny sounds to insert or apply to your video clips.
- Huge audio and video effects collection: Movie Morpher 2.0 has the largest effects' library than any other AVnex's products. Users can skillfully combine a lot of effects to perfect their video clips or movies.
- Converter Tab: supports customers to convert their files into favorite formats and save to CDs/DVDs, video clips, audio clips as self-made gifts for friends, relatives, colleagues, etc.

For normal users such as movie lovers, Movie Morpher can perform as a perfect DVD Player, capture the most impressive frames or images and create an own DVD.

For more professional users as movie makers, video producers, this is also a another good choice for a video editing tool.

Movie voice dubbers can realize their creativity with this advanced dubbing feature that Movie Mopher 2.0 boasts.

"Video production industry is a huge, demanding and potential market. We expect to satisfy some of the demands of users in producing movies, video, dubbing. Step by step, AVnex will approach all the nooks and crannies of this wide industry", Le added.

We gladly introduce you this breakthrough software- AV Movie Morpher 2.0 at www.audio4fun.net
