

Correction in Press Release for Begin a Home Based Business

By Staff of Begin a Home Based Business

Dated: Apr 07, 2007

Don Conrad and Jeffrey Sloe had a few mistakes in the previous press release announcing the start of their new home based business.

WICHITA, KS (April 7, 2007) In an effort to get the correct information to the public, Don Conrad, a home based business entrepreneur, announced today that the previous released press release (<http://www.prlog.org/10012153.html>) had some incorrect information in it. Mr. Conrad lives in Wichita, KS not Kansas City as previously stated. All other information in the aforementioned press release is correct, with the exception of a link to the wrong web site (see below). The business, Mr. Conrad and his partner, Jeffrey Sloe, started still goes by the name, "Begin a Home Based Business."

Mr. Conrad also announced today that he and his partner have created a new informational web site called, "Start a Home Based Business Now", which can be seen at <http://www.start-a-home-based-business-now.com>. The site, according to Mr. Sloe will be used to "communicate the importance of having a home based business, and a person should act when they are led by God to begin a home based business."

"If you have clarity about starting your own home based business, you should act upon it with the guidance of the Holy Spirit," stated Sloe. "Putting your faith in the Lord to guide you will certainly take away a lot of fear, doubt, and worry that may enter a person's mind." According to Sloe, it's important to know who is in control, and as long as a person understands that, there is nothing one can do on their own to change that.

As mentioned earlier, another mistake made on the original press release was the link to Conrad and Sloe's "Begin a Home Based Business" web site. The link that was used actually went to Butch Hamilton's web site, so Sloe and Conrad would like to apologize to Mr. Hamilton for the mistake. Although the mistake actually helps Mr. Hamilton, Conrad and Sloe still want to make it right. If you would like to visit Hamilton's site you can go to <http://www.home-based-business.com>. Sorry for the mistake Butch!

Sloe and Conrad will continue to make amends as needed. They are always trying to do the right thing and feel that reissuing a press release was the right thing to do. Honesty and Integrity are important to Sloe and Conrad, since they stake their reputation on Biblical principles.

Mr. Conrad, a distributing partner for the Mentors-on-a-Mission, which is part of Predator Marketing, is now a partner in "Begin a Home Based Business". Unable to dedicate time to promoting the online marketing business, Predator, Mr. Conrad thought it would be in the best interest of Mr. Sloe and himself to team up. By doing so, they can share the responsibilities of promoting this high tech marketing system. Conrad can now split his time to promote both "Begin a Home Based Business" and VereConference, a high-tech web conferencing system. Conrad and Sloe are both master distributors with VereConference.

The Predator Marketing System, according to Mr. Conrad is for individuals who are determined to begin a home based business, and are serious about making money on the Internet. The whole premise for Conrad and Sloe is to assist others in creating, and managing a profitable online business. They said that they are here to serve people who are willing to put forth the effort, before they can reap the rewards. That is a Biblical principle, accord to these men.
