

Magic Wand Renova Breaking the Spell of Photo Damage, Fine Wrinkles and Acne

By Adam Frazer

Dated: Apr 08, 2007

Topical medication Renova could be helpful in your endeavour to acquire a clearer skin.

Suffering from acne skin, fine wrinkles, photo-damaging? Are you waiting for a miracle to make you look your best? Topical medication Renova could be helpful in your endeavour to acquire a clearer skin.

A senior member of research team at Online Skin Care Tips, Dr. Mark Eaton, comments, “Renova is like a magic-wand breaking the spell of photo damage, fine wrinkles, acne facilitating a beautiful skin”. This topical prescription medication is a derivative of vitamin A, which works at a cellular level. It enhances the product of collagen, thereby improving the overall skin texture. Renova cream is used in consonance with a complete skin care and sun care program to achieve clearer, softer skin.

It is available in the strength of 0.02% and 0.05%, which is ought to be used in consultation with medical advice. Renova (tretinoin cream) 0.02% constitutes tretinoin at a strength of 0.02% in a light, oil-in-water cream. On the other hand, Renova (tretinoin emollient cream) 0.05% constitutes tretinoin at a strength of 0.05% in a loaded, water-in-oil cream.
