Paul Davis loves Indonesia and Indonesians love him!

Paul had a dream on March 12, 2007 before he awoke, wherein he saw Indonesian leaders standing around him. Paul was then handed a marriage certificate inviting him to commit his life to help Indonesia and its people.

Purposing to marry his heart and life to uplift Indonesia, Paul is now seeking reputable publishers and speaking bureaus throughout Indonesia to work with and represent him.

A prolific author always working on a new book, Paul has published 10 books thus far which he wants to translate and distribute throughout Indonesia.

Among Paul's prolific and prophetic writings he has published are:

- Breakthrough for a Broken Heart
- A State of Emergency
- Are You Ready for True Love?
- Poems That Propel the Planet
- Stop Lusting & Start Living
- Adultery: 101 Reasons Not to Cheat
- God vs. Religion
- Almighty Matchmaker
- Waves of God
- Supernatural Fire

Paul's latest book *Are You Ready for True Love?* evaluates relational compatibility and responsibility.

Paul laughingly says, "There are a lot more counterfeit men than money. About the only exercise some guys get is running out of money and after women. Brains are what a woman looks for in a husband, after not using any in selecting one. If a man tells a woman she's beautiful, she'll overlook most of his other lies. For many an adult education begins with marriage. Learn a lot before tying the knot."

Paul transcends barriers that discourage and divide us by transforming individuals and organizations. Paul is a humor being able to make you laugh, learn, live, and love.

Paul has traveled to Indonesia 5 times, visiting islands extending from Sumatra to Irian Jaya. Paul says, "I feel way more home in Indonesia than I do in America. Indonesia and its people have captivated my heart. I rejoice every time I get invited back to speak and perform in Indonesia. If I could get the people of Indonesia to help me, I could travel throughout the entire archipelago and produce an award winning documentary about this great nation that would cause the entire world to fall in love with Indonesia and increase tourism a hundredfold."

"Sadly most westerners mistakenly think of terrorism when they think of Indonesia and are fearful to travel abroad. The truth is Indonesians are very warm and hospitable people."
