

The 2007 UAE Free Zones Directory now in the market

The 2007 Golden Rainbow UAE Free Zones Directory has been released in the market, announced Global Resources, a leading UAE data bank and events organizer.

May 28, 2007 - [PRLog](#) -- The Directory which is available in both printed and CD-Rom version is the most comprehensive listing of the thousands of companies in the numerous free zones in the UAE. The directory is packed with very useful information from UAE general knowledge, UAE economic data, free zone history, investment and licensing procedures, to contact details. For easy use, the directory carries lists in both alphabetical and category-wise arrangement.

Global Resources, which has been publishing the UAE Free Zones Directory for the last six years, is upbeat on the market's anticipation of the release of the 2007 edition. 'The greater rewards in coming up with this annual directory are the many appreciations and thanks by people who have been served (by the directory). The Golden Rainbow Directory 2007 is a smart guide to anyone who wants to tap on the vast investment opportunities in the UAE, particularly, the free zones', says George Abraham, Marketing Manager for Global Resources. He adds, "And our clientele includes not just offshore companies who are interested to establish themselves in the UAE free zones but also ordinary individuals who want to reach the many UAE free zones for their specific purposes."

Global Resources offers a variety of other services to investors in the UAE including general consultancy, business formation, marketing, events management and online business networking. It also operates the widely-used UAE business portal www.uaefreezones.com.

Last year, the numerous UAE free zones played a significant role in attracting into the country a third of the Middle East Region's foreign direct investments. As well in 2006, the UAE free zones accounted for AED 80 billion or 16% of the country's total commodity exports. There are about 17,000 free zone companies in the UAE and the number is growing by the day.

The 2007 Golden Rainbow UAE Free Zones Directory is now available through a wide distribution network including business councils, government entities, commercial banks, business hotels, and trade centres. Reservation and delivery of copies of the directory can be arranged online at www.uaefreezones.com or through Global Resources Office in Deira, Dubai.
