*SPATE magazine talks with Three 6 Mafia artist Lil Wyte*

SPATE magazine got a chance to talk with Lil Wyte, Three 6 Mafia artist who appeared on MTV special "Hollywood". Lil Wyte is really excited about the new album about to drop on Asylum.

The album is called "The One And Only". Lil Wyte said that what he is feeling right now is surreal. "Working with grammy winners Three 6 Mafia is a dream come true". He also says he recorded the album in Three 6 Mafia 4 million dollar mansion. The album is incredible. The music has a great combination of style and southern rhythms. This album will garner much public attention. Lil Wyte is not new to the hip-hop world, this is actually his third album. He also has two previous chopped and screwed albums by DJ Black. This is another banger and with the publicity he is getting for this album it should be a number one seller on billboard.

### About Lil Wyte

Patrick Lanshaw, or Lil Wyte, is a rapper, and is also a member of the Memphis, Tennessee rap collective Hypnotize Camp Posse. Lanshaw began his career with the all-white underground rap group Shelby Forest Clique. In 2006 just before the release of his first album he was charged with sodomy in Knoxville Tennessee and was forced to pay a fine. This incident was mentioned in an issue of US weekly. His first album, Doubt Me Now, produced by DJ Paul & Juicy J of Three 6 Mafia, sold over 130,000 copies independently. The success of this album sparked interest with Warner Music Group which resulted in a distribution deal for the Hypnotize Minds label and his second album, Phinally Phamous. He also has an upcoming album called "The One & Only" which will be released on June 5 2007. His lyrics focus heavily on drug use, including marijuana, LSD, OxyContin, and Xanax.
