

OC + LA: Consider It Done! does your errands/ organizing/ cleaning/ shopping

Consider It Done! We're the Orange & LA Counties' premier corporate/ personal errand/ concierge/ organizing/ shopping/ cleaning service. We help busy people in Southern California save precious time. Your busy-ness is our business!

June 27, 2007 - [PRLog](#) -- For all people who live and work in OC and LA: Your life just got easier. Why? Because Consider It Done! is here to the rescue!

Many people find they're too busy / tired to "do it all".

"Time is money". It's the currency we spend, at the rate of 1440 minutes every day.

Must time management be so stressful?

Are you in crisis, with another holiday season approaching?

Do you wish there were two of you? Are you struggling to accomplish mundane tasks all weekend long, wishing you had a few minutes of personal time?

You're not alone.

What is the answer in today's busy world?

Personal solutions:

More than an "errand service", we're a lifestyle management company, simplifying lives in a complicated world. We work closely with individuals and companies all over OC and LA to provide personalized service. Our clients' satisfaction is our reward. We take care of details, removing stress out of your day. We show you how to achieve the work/life balance you're seeking. We teach you to delegate effectively, guilt free.

Give us your to do list, knowing our expert staff is crossing the items off. We free up your time, easing the day so you can seize the day.

How valuable is your time? Is it worth gift shopping for hours, taking the car to be serviced or the dog to the groomer, picking up prescriptions while you could be exercising, traveling, gardening? How would it feel to come home to a sparkling clean home, the groceries bought and put away, closets organized, forgotten lunches dropped off at school, while you work?

How would going to the movies, spending time with family, golfing, or relaxing feel? How could doing the things you really want to do change your life?

Corporate solutions:

There's a measurable advantage to retaining, not replacing excellent employees. Rewarding employees with errand services increases morale, loyalty, and productivity.

The concierge industry is growing astronomically, especially in the workplace.

75% of employees take care of personal responsibilities while working.

53% would opt for an assistant vs. a personal trainer.

At Consider It Done! we're certain that within 5 years concierge services will be offered as a standard hiring benefit. Many corporations already think this way, with 39% of Fortune Magazine's "100 Best Companies To Work For" offering errand services.

Concierges plan office parties, deliver supplies, dry cleaning, meals, paperwork, expedite employee relocation, shop, organize desks, make travel arrangements, and much, much more.

Why does my company need Consider It Done!

-Less stress in the workplace and personal lives

- Added retention and increase in productivity
- Give you the edge over your competition
- Unswerving employee loyalty

We would love to meet with you at your earliest convenience. We will work closely with you to offer you or your employees the best-individualized service. We ease the day so you can seize the day!
