BBT/School of Russian Ballet is celebrating it's second year on the campus of the Kingsborough Community College (Manhattan Beach, Brooklyn, New York). We have collaborated with KCC's Office of Continuing Education and have developed a program "College for Kids – Dance", that will further challenge our students.

As an accommodation to working parents, we now offer a variety of dance classes as an extension to the College for Kids program. We at BBT are now, in partnership with KCC's "College for Kids" Summer Program, offering extended hours of dance classes as part of the GROUP ACTIVITIES COURSES (CKS 98 - Talent Showcase). These classes will include: classical ballet of all levels (Russian method), International folk & character dance, rhythmic-gymnastics, modern and popular dance, Latin & ballroom dance, and hip-hop. The schedule of this summer program will correspond with your child's CFK schedule, making it more convenient for the parents and their children. Dance classes at BBT offer a great way to develop healthy, passionate, responsible and well rounded individuals.

We hope that you will join us in this great experience this summer.
