By AajKaTV.com

Dated: Jul 10, 2007

A new online video sharing site for South Asians viewers has been launched at www.aajkatv.com (Today's TV on the internet). Users can upload, view and share their own videos. It is totally free and contains the best of User Generated Content (UGC).

New York, USA -- A new online video sharing site for South Asians viewers has been launched at www.aajkatv.com (Today's TV on the internet). Users can upload, view and share their own videos. It is totally free and contains the best of User Generated Content (UGC).

The site is powered by the latest viral video, social networking and search technology allowing users to watch professionally produced content, and watch and upload their own content.

AajKaTV.com connects millions of South Asians worldwide to share their experiences online. Online video, whether live or on-demand, is expanding immensely and using AajKaTV.com's proprietary technology, content companies will have the opportunity to monetize their content on the internet. AajKaTV.com not only provides a free distribution platform to upcoming artists, independent content producers, film-makers, etc. but also shares revenue with them.

AajKaTV is a Web 2.0, Online Video community targeted exclusively to the South Asian market. Its innovative internet television broadcasting technology delivers high quality content via the internet. The service is free. It is a privately held company. Please visit www.aajkatv.com
