### \*ABOUT CAVI\*

As its name suggests it is the "Caviar" of the fashion industry. CAVI is the largest private consumer of military medals and goods in the fashion industry. In a little over one year CAVI has been featured in XXL, VIBE, SOURCE, URB and 411 (Japan) magazines, on BET, MTV, and HBO's hit TV show ENTOURAGE and worn by music superstars Jay-Z, T.I., Chris Brown, Omarion, Juelz Santana and Fabolous just to name a few. CAVI currently has over 30 accounts in NY, LA, Chicago, Atlanta & Japan and is constantly expanding. Their product can be found in retail stores throughout the US and Japan. In the past, CAVI joined forces with Japanese line Swagger/Phenomenon and released co-designed versions of the military shirt, as well as, an exclusive limited run tee. Additionally, they are in the process of expanding into a full clothing line. To describe CAVI as "just a clothing line", however, isn't enough. It's more of a movement. Are you CAVI?
