*Susan Wingate, novelist, playwright, poet, and essayist - jumps into the world of ePublishing with her latest mystery novel, OF THE LAW (Sixteen Cat Tails Publishing, \$21.95). The eBook will be available through eBookMall.com.*

"After several months contemplating today's market, I just felt the time was right to release *Of the Law* in a digital format."

Susan Wingate explains her plans for her latest release and debut mystery novel, *Of the Law*.

Now available through eBookMall.com, *Of the Law*, has entered the world of ePublishing.

"With new technology, reading an ebook is no longer something a person must do at his desk. He can read on a train or in a plane - it just seems so simple really. It was a matter of me realizing the broad market base *Of the Law* could reach by publishing the book digitally."

Susan Wingate writes novels, plays, essays, and poetry. She lives in Washington State with her husband, Bob and Robert (their dog). Susan writes full-time and teaches writing classes around the country and online through her website.

"My father wrote fiction journal entries set in Africa. They were hysterical and filled with sexual tension. He graduated with a degree in English from Arizona State University. That's where I went to school. Writers are a great inspiration to me, however, my dad has always been the greatest influence for my writing. He was so talented."

*Of the Law* (released May 2007) is a mystery set on small Dahl Island in north Puget Sound. Dreary days are the backdrop for this dark tale of deceit, adultery, bribery and murder - a couple of them.

What others in the industry are saying about *Of the Law*:

"This is not your ordinary modern crime mystery. Dark and retentive, it lurks in your mind as you read page after page, wanting to know what is next. You aren't just the reader because the author has made you a part of the story. You care for Harvey. You despise the victim. You begin to care about Dahl Island, the little town of Thirsty Cove and the man who has sworn to uphold justice for his people. Harvey Fleming is a bleeding man with a job that must be done. As door after door slams to his investigation, he loses comrades, deals with a mad man, and drinks too much. Will Harvey find out who killed Leona Malouf before it's too late? You won't want to put this down." -RD Larson (author of *Mama Tried to Raise a Lady*, *Saving Reverend Clayton*, with Louise Ulmer; *Evil Angel*, *Sorrow's Field*, *Doors: Stories of Five Strong Women* and *Marion Riles*, *Soft-Boiled Detective*)

"Just amazing detail and sense of personality... this is writing of the finest quality, advancing story and psychological sense of character." -Michael Collins (author of *Keepers of Truth*, *Lost Souls*, and *Death of a Writer*)
