The latest seminar training schedule from SkillPath Seminars, National Seminars, Fred Pryor and CareerTrack just added to SeminarInformation.com's comprehensive directory of seminars and conferences.

Seminar Information (<http://www.SeminarInformation.com>) has just updated the largest database of seminars and conferences on the Internet. Catherine Bellizzi, President, reports that the already comprehensive directory of seminars has been recently updated with thousands of new dates and locations from seminar companies including SkillPath Seminars, National Seminars, Fred Pryor Seminars, CareerTrack seminars, Padgett Thompson Seminars, Linkage and Management Concepts.

The Seminar Information database lists seminar dates and locations for over 600 seminar companies. Started in 1981 as the SIS WORKBOOK, Seminar Information Service continues to be the leader in the industry listing more information than any other seminar website on the Internet. Viewers can search by date, location, title, topic or even seminar provider on the user-friendly website. Seminar Information boasts a large listing of on-demand, onsite seminars as well.
