

Wonderful Pomegranate Now Comes in a Variety of Forms

By FruitFast

Dated: Oct 18, 2007

FruitFast, exclusive producer and innovator of the most potent fruit supplements on the market, introduces the Antioxidant benefits of Whole Pomegranates in their Wonderful Pomegranate Fruit Supplement Line.

TRAVERSE CITY, MI – It's classed as one of nature's superfruits, and now the healthful benefits of Wonderful Pomegranate are available in a variety of forms from FruitFast, <http://www.fruitfast.com>, the originator of natural fruit softgel capsules and other natural products under the FruitFast label.

In addition to Wonderful Pom high potency liquid, the healthful benefits of pomegranate can be found in softgel, juice concentrate and all-fruit bar forms.

"That's four different ways of delivering the power of whole fruit," explains Steve de Tar of FruitFast, who along with Bob Underwood are co-owners of the firm and developers of the internationally recognized functional foods label.

"The pomegranate softgels, new liquids and bars are manufactured using a proprietary process that includes the fruit's skin and pulp. This assures the high nutritional value of the various forms of Wonderful Pomegranate."

As is the case with all FruitFast products, there are no added sugar, sweeteners, preservatives or fillers. The products are 100% pure and natural, and made from California-grown fruit, so it's not an import, blend or an extract.¹

Wonderful Pomegranate:

Helps maintain healthy cardiovascular function*

Contains both anthocyanins and phytoestrogen*

Helps maintain already healthy cholesterol levels*

And as a result of being produced in four different forms (liquid, juice concentrate, softgel and fruit bar), Wonderful Pomegranate can be easily consumed year round at an affordable cost with prompt delivery to your door.
