Carl Bonas, the talented singer/songwriter from Daytona Beach, Florida, has just released the debut CD, “Pale Rider”; a CD of country songs that will leave the listener wanting more. Crisp and clean with a modern feel that doesn't forget or leave behind their country roots, the songs on “Pale Rider” also incorporate a unique pleasant crooner twist where Carl stretches the standard Christian music concept to include and capture today's modern listeners while still holding to their core beliefs and values. Carl sings about the pain, humor, and trials of life with a rich, deep voice that is clearly unrivaled by many in today's music. Country and Christian music fans across the board will find much to enjoy in this new CD.

“Pale Rider” will be made available for sale at local retail outlets as well as many online digital distributors including I-Tunes, cdbaby, Tower Records, Walmart, and others. Purchases can also be made via the official Carl Bonas / Cross Radiation website at <http://www.CrossRadiation.com>

Originally from West Palm Beach, Florida, Carl has been involved with music for most of his life in one way or another. Carl's great voice was discovered early on in his childhood. His ability to not only write wonderful songs, but to sing them also, is a gift that few possess.

Characterized as having one of the purest voices in country, Carl recorded his album with producer Don Reed of Affinity Music in Nashville, and is ready to present his album to an international audience.
