

uCertify's Cisco Practice tests make you a winner in CCNA and CCENT exams.

By Rachel Jones

Dated: Dec 17, 2007

uCertify (December 17, 2007) uCertify has announced the release of its PrepKits for Cisco exams. There are now three practice simulation tests (CCNA 640-802, ICND-1 640-822, ICND-2 640-816).

The CCNA 640-802 test is appropriate for you if you have a basic understanding of network technology. The ICND-1 (640-822) exam tests your ability to install, operate, and troubleshoot a small branch office network. The ICND-2 (640-816) exam tests your ability in computers and network technology.

The CCNA 640-802 practice test will be released on 31st December. It contains a total of 500 questions, including pop quizzes. It also has 150 study notes and technical articles. You can download the free version at <http://www.ucertify.com/exams/Cisco/640-802.html>

The ICND-1 640-822 practice test will be released on 31st December. It contains a total of 280 questions, including pop quizzes, 80 study notes, and technical articles. You can download its free version at <http://www.ucertify.com/exams/Cisco/640-822.html>

The ICND-2 640-816 practice test will be released on 31st December. It contains a total of 280 questions, including pop quizzes, 70 study notes, and technical articles. You can download its free version at <http://www.ucertify.com/exams/Cisco/640-816.html>

Besides the other conventional features, the Cisco simulation tests now contain some new features such as tagging. You can access your tagged questions and study notes and create a customized test to focus on your weak areas. You can now also practice faster with the keyboard shortcuts or by browsing the study notes, tips and articles.

The Discuss it feature enables you to discuss questions and study notes with other users. You can also benefit from their views and useful comments.

Mark Smith, Director, Product Management said, "The PrepKits contain valuable tips and tricks that help you prepare better and pass your certification exam in the first attempt. We also provide 100% money back guarantee if you are not able to pass the exam in the first attempt."

About uCertify

uCertify, established in 1996, is a leading organization in the field of IT certifications. Every product is developed after rigorous research by the developers and proves invaluable to the users by providing the latest study material. The PrepKits not only give valuable feedback about your strengths and weaknesses, but also provide you scope for improvement.
