

netlinkblue joins Electronics and Computer Software Export Promotion Council (ESC)

netlinkblue is proud to announce that its membership in India's largest electronics and IT export facilitation organization, Electronics and Computer Software Export Promotion Council (ESC).

Jan. 21, 2008 - [PRLog](#) -- netlinkblue is proud to announce that its membership in India's largest electronics and IT export facilitation organization, Electronics and Computer Software Export Promotion Council (ESC) (<http://www.escindia.in>). netlink's association with ESC adds trust and credibility to its efforts in providing quality IT services to its International clients who want to export software solutions. ESC mainly represents Information Communication Technology (ICT) industry. As a representative organ of Corporate India, ESC is considered the principal voice of Indian ICT industry both with the policy makers and the international business community. It articulates the genuine, legitimate needs and interests of its member ICT exporters.

ESC is sponsored by the Government of India and is India's apex institution to promote export of Electronics Hardware & Telecom, Information Technology, Computer Software and Services, ITes/BPOs. In an industry where the degree of technological obsolescence is very high, ESC is striving hard to elevate India's position in the international trading arena of the Electronic and Computer Software. ESC has built a strong membership base of over 2300 manufacturers and exporters across the country, covering the entire gamut of Electronics and Software Industry in several ICT sub sectors including Computer Software/Services/Electronics Hardware.

Ever since its inception in 1989 with an export performance of US\$ 200 million, ESC has successfully steered the direction of India's Electronics and Software Exports to achieve the export volumes of over US \$ 36.64 billion during 2006-07. Under the aegis of the Council, the IT services exports have reached to over 200 countries across the world establishing the hallmark of India's quality and competitiveness. ESC has extensive network of counterpart organizations world over to leverage member companies export interests in these markets. Now, netlinkblue's association with ESC has widened the services and reach of netlinkblue, thereby ultimately benefiting netlinkblue's clients and customers in the long run.
