

Rhino 3D Tutorial Series and RhinoCAD Videos will be CNCInformation's Next Project

By CNC Information

Dated: Jan 26, 2008

Rhino CAD Tutorial Videos are next on Ivan Irons' list of CNC Projects. Ivan Irons has just released that his next series of Video's will be Rhino3D Tutorials to assist users of Rhino 3D. These RhinoCAD Video's are set to release next month.

Rhino3D Tutorial Series from CNCInformation.com will be released within the next month for the RhinoCAD user. For those of you who have been waiting for an easy to understand Rhino 3D Video Series, you won't have to wait much longer. Ivan Irons of CNCInformation.com is set to create a multi-video Rhino CAD Tutorial series that will be released on his website: <http://cncinformation.com/cad-videos/>

Ivan has decided to take his experience with the Computer Aided Design Software known as RhinoCAD, and share his expertise, tips, and secrets. These Rhino Tutorial video's will cover the topics below in easy to understand formats and will be found at: <http://cncinformation.com/cad-videos/>

Interface

Render

Overview of Flamingo

Overview of Penguin

These videos are set to be released over the next 30 days for free of charge on Ivan's website: <http://cncinformation.com/cad-videos/>. Ivan's earlier projects can also be found on his website.

Once again, Ivan has decided to create valuable CNC Information for DIYCNCers everywhere. These Rhino CAD tutorials have been the highly anticipated next CNC Video project after the success of the Learn CNC Basics Video Tutorials. The complete Rhino CAD Video series is also set to be available on DVD in higher quality and an easier format for learners. Press Releases will announce when the first video in the Rhino 3D Video series is released.
