*Steppes Travel announces new 21 day Cape to Cairo Safari.*

Steppes Travel (<http://www.steppestravel.co.uk>) has announced the launch of a new 21 day Cape to Cairo Safari (<http://www.steppestravel.co.uk/cape-to-cairo-page2702.aspx>).

With a cross-flight of over 10,000km from Cape Town to Cairo, this unique safari starts at Table Mountain and the Cape of Good Hope in South Africa. The safari then continues with selected natural and cultural highlights of Namibia, Botswana, Zimbabwe, Zambia, Tanzania, Kenya, Ethiopia, Sudan and finally finish the trip in Egypt.

This safari offers a unique opportunity to experience Africa in a time-efficient manner – flight times do not exceed 3 hours per day). There is also the extra advantage of having a unique view from flying at low altitudes to ensure the best possible sightings of the scenes and landscape below.
