Three months after its release, "Candlestick Trading for Maximum Profits" has become the number one selling candlestick trading course marketed through ClickBank. Through aggressive marketing, quality content and a competitive price, "Candlestick Trading for Maximum Profits" has enjoyed its early success online. Publisher B.M. Davis said "we have worked hard to bring traders a quality candlestick trading course and trading system and it's showing as our efforts to market our product are paying off". He added: "Ours is the most competitively priced course on the online market. Our goal has always been to provide a quality course at a value".

The course, "Candlestick Trading for Maximum Profits", consists of two written manuals, five videos and a video handbook at a price of less than fifty dollars. Since its release in November 2007, "Candlestick Trading for Maximum Profits" has seen a steady increase in popularity. Davis says: "Our efforts to provide an in-depth candlestick trading course and trading system that will filter out most invalid candlestick trading signals have taken candlestick trading to a new level. We teach our students a very accurate system to increase the profitability of the candlestick signals and it's something other higher priced courses fail to offer".
