

Getting the number one spot on Google & Yahoo for Free just got easier.

By morecontacts

Dated: Feb 22, 2008

Reaching the number #1 spot on Google and Yahoo just got a lot easier and certainly more affordable! A recently launched search engine facility has announced that anyone can achieve the favoured spot within 120 days - for Free.

There's plenty of excitement online recently regarding a new **search engine** launched last year 2007. **1on40**'s service is free and you get paid to distribute it. Top referrers are already grossing (subject to terms) large redeemable **credits** – some in excess of r£200,000GBP.

The process is simple and profitable. Sign-up as an **affiliate** <http://www.1on40.com/49323645> and **refer** your **contacts** as **affiliates**, introduce your downline, place adverts and more. Introduce your client base to **1on40**' or even search **Google** and **Yahoo** etc., and **refer** web site owners from around the world to **1on40**'s service.

affiliates can market this service up to the end of March 2008 with the same guarantee to their clients i.e. "That within 120 days they will be listed #1 for Free". So even if someone signs a client on March 20th, 120 days from then their site would be number one spot on **Google** and they'd start bidding to keep it there!

Everyone gets to **number one** with **1on40** before they have to bid to keep their site as 1st result on **Google** and **Yahoo** etc. No payment is required until the particular web site reaches number one and remains there for 7 days. After that, bidding is required to keep it there.

On January 19th 2008 it was announced that the 1on 40 system was, "exceeding our own expectations and results." Furthermore, it was announced that "Since Beta test began in August 2007, 980 clients have hit the **number one** result in **Google** and **Yahoo** for 5 keywords." It was reported that on average, each of the 980 web sites made a staggering 95,000UKGBP/\$190,000USD 'each' between the 15th December and 15th January 2008.

That news led to the host company planning to pay out a revenue share from the bids on **keywords** to loyal *partners/**affiliate** * such that when a clients bid on their 5 **keywords** the *partner/affiliate* that introduced them receives 15% of the bid as well as the **credit**. Each time a bid is made the 15% is paid out for life. Thus, the more clients and *partners/**affiliate** * entering this into the service and programme the more 15%'s payouts are made.

Many consider this **search engine** opportunity to be a winner. There are no limits at all. In addition, other incentives / overrides have been introduced which adds up to 1000's a month for each **affiliate**. <http://free-page.net/web/Get1onGoogle.htm>

1on40's service is FREE and members get paid to distribute it. Joining **1on40**' as an affiliate and a client is FREE. Referrals join up for FREE.

The reward system is based on **credits**. For each **affiliate** referred directly a credit is paid. Members are are paid ONE **credit** for every **affiliate** or client referred by their 'whole down line' up to 20 levels deep. That's massive, and each one adds a credit to a members account that can be cashed in against bids or saved and converted to cash after BETA.

How much is a **credit** worth? Each **credit** is potentially worth £20.00GBP or \$40.00USD or can be

exchanged for one day EXTRA at **number one** position on the TOP 40 **search engine** o include **Google** and Yahoo PLUS hundreds of others.

There's more to this revolutionary system than meets the eye. To learn more visit the link provided. <http://www.1on40.com/49323645>
