DVDVideoSoft - the new source of free video software!

DVDVideoSoft an internet resource dedicated to free software, multimedia software guides and tutorials has just updated its Free 3GP Video Converter. The new version incorporates the new algorithm of cursor positioning in the trim video mode. Now you can set it exactly where you want it to be. Also now with MP3 tags editor. You can set MP3 tags when converting video to MP3.

Using this program users can easily convert *.3gp video files recorded with cell phones to more common PC formats: *.mp4 and *.avi or extract audio from such files and save it as *.mp3. Free 3GP Video Converter available at <http://www.dvdvideosoft.com/products/dvd/Free-3GP-Video-Converter.htm> for immediate free download. The program contains no spyware or adware. It's clearly free. No activation or registration is required. Just download and use it.

Free 3GP Video Converter is already the 15th free program developed by DVDVideoSoft. DVDVideoSoft has created a line of free tools: Free YouTube to iPod Converter, Free YouTube to MP3 Converter, Free YouTube to iPhone Converter, Free Video to iPod Converter, Free Video to iPhone Converter, Free Video to MP3 Converter, Free YouTube Uploader, Free Video Dub, Free Audio Dub, Free YouTube to MP3 Converter, Free Video to Flash Converter, Free Video Flip and Rotate, Free Video to JPG Converter and Free YouTube Download.

All these titles are available at <http://www.dvdvideosoft.com/free-dvd-video-software.htm> for immediate download. Also on <http://www.dvdvideosoft.com> you can always find lots of guides and tutorials related to different video tasks like, burning and ripping DVDs, making DVD copies, converting between all video formats and more.

All our programs are absolutely free and run under all Windows, including Vista. We respect our users' privacy. There are not any spyware or adware. It is safe to install and run!
