Altun ha is the most extensively-excavated maya site in belize. The core site includes thirteen structures clustered within two classic period plazas.

Entering the site you approach plaza a, which is enclosed by large temples on all four sides. Here a magnificent tomb was discovered beneath the temple of the green tomb. Dating from 550 ad, this find yielded a total of thee hundred pieces, including jade, jewelry, stingray spines, skin flints and the remains of a maya book.

This tour is designed to last approximately 4 hours. It includes a 50 minutes drive through the countryside to the site. When we get to the site we will have a short break and thereafter head on the site. Whilst on the site we will be doing presentations on medicinal plants, indian history, and site history .

You will be also offered a complimentary city tour where you get the chance to see some of our historical sites. You can stop to shop and have lunch.
