

Mystic Management Systems, Inc. Provides Document Control Solution to Neo-Sync

By Mystic Managements Systems, Inc.

Dated: Mar 18, 2008

Start-up medical device company builds their quality foundation on the bedrock of Mystic's ensur.

Norwich, Connecticut — Mystic Management Systems, a leading provider of web based product and quality management systems for twenty-five years, will be helping the Southern California company Neo-Sync build a strong quality foundation.

Neo-Sync, a medical device company researching new techniques in the treatment of depression and a number of other mental disorders, is just being started. Their forward looking approach to business has led them to the insightful result of building a quality program as part of their foundation upon the ensur document control solution. Neo-Sync's approach will lead to quality products and profitable results.

About Mystic Management Systems Product ensur

Ensur is a web based software application that is a solution for organizations that need to have document control, corrective action preventative action, packaging/specification management and a complete training management solution for their employees. Mystic Management Systems' ensur is used by companies that must meet ISO standards, FDA 21 CFR Part 11 compliance, Safe Quality Food standards, GMP, OSHA, and other regulations. Industries using ensur include, but not limited to, the Life Sciences, Consumer Packaged Goods, Aerospace, Military/Government, and Mining. Ensur is scalable and configurable to meet companies' ever changing needs in complex markets.

###

Mystic Management Systems, Inc. is a twenty-five year old leading global provider of quality software solutions, including document control software, product lifecycle management, packaging/specification management and corrective and preventative action.
