A Christian alternative & perspective to *A New Earth*, Eckhart Tolle's book being promoted by Oprah, does exist and is revolutionizing the church world.

A New Earth - Connect with Your Creator & Experience Endless Awakenings, The Power of Presence to Fulfill Your Purpose by **Paul F. Davis** picks up where Tolle left off concerning "the peace that passes understanding" and puts Christ in the picture and includes portions of that Scripture omitted by Tolle.

"And the peace of God, which passes all understanding, shall keep your hearts and minds through Christ Jesus" (Philippians 4:7).

The peace comes from God's Presence, not our own. Such "perfect peace" that "passes understanding" is only sustainable through Christ the Prince of peace, by whom we are kept.

Arguably, there is a need for greater spiritual depth in all denominations and churches. We eat three meals a day physically, but spiritually only receive one small snack on Sunday (and that only if it is not pushed out altogether by announcements, taking offerings, and ceremonial liturgy). How then are we expected to survive spiritually when we are starving?

We live in a world where flesh and sexuality are continually before our eyes by way of the media. Our minds are being bombarded daily with advertisements trying to make us feel inferior and in need of identity enhancers. Comparing ourselves by ourselves, we have toiled tirelessly on a treadmill of performance and been left empty. As for our spirits, they are often disregarded altogether and never acknowledged, nor developed.

Scripture tells us "the body without the spirit is dead" (James 2:26) and "the carnal mind is an enemy of God" (Romans 8:7). "To be carnally minded is death; but to be spiritually minded is life and peace" (Romans 8:6).
