Zagreb, Croatia - Web magazine for top managers "Positions and Promotions" (<http://www.poandpo.com>) was rewarded with rating "Great" from Blogged.com. Nine months after expansion from career tracking website into magazine, rigid editor at Blogged.com found "Positions and Promotions" good enough to enter "Management" section.

Stjepan Skramic, editor at "Positions and Promotions" said upon receiving the news that was a recognition of hard work: "It is quite an achievement to satisfy the editors of Blogged. To receive rating 'Great' among 200.000 web sites was one of the best moments since 'Positions and Promotions' was started. It couldn't be done without clear guidance of our CEO, Ms. Vesna Sesvecan, and support of our readers."

"Positions and Promotions" is the web magazine for top managers that connects business and free time. central part of the site is "Who's promoted" with information about top managers and changes in their careers. The website brings companies and market data, info about travel, design and art, business gadgets and cars, computers, and health. Founded by media people with over 30 years of combined experience, it is unique website on the internet.

About Blogged.com

Blogged.com (<http://www.blogged.com>) is a place for readers to discover interesting blogs and for authors to discover who their readers are. Blogged goes beyond being a traditional blog directory. Through database of over 200,000 blogs, readers can discover and explore new blogs. Blogs are reviewed, rated, and categorized by editors, so you won't have to experience the frustration of filtering through blogs that are either spam, outdated, or irrelevant.
