

The Villages Welcomes..... Villages Golf Cart Man the Newest Addition to Our Business Community.

By Villages Florida News 2008

Dated: Apr 09, 2008

Finding a golf cart to rent is not always so easy in The Villages. Villages Golf Cart Man is a welcome addition to our community, as they always have a abundance of 2 and 4 seater golf carts available for rental.

The Villages Golf Cart Man is the newest member of The Villages community. As we all know it's very hard and sometimes near impossible to find a golf cart to rent in the villages. When you finally find one they are not up to standard or quite less than new.

This is why The Villages Golf Cart Man is such a welcomed addition to our community. They offer mainly new and late model used golf carts. I sat down with the owner and discussed what makes him different from the other rental cart compaines. The owner Tony Colangelo says "All of the golf carts have vinyl sides to protect you from the weather. We will also deliver and pick-up for FREE". He was very enthusiastic about starting this business and offers many other services other than golf cart rental. In addition to his large fleet of carts he also has Vacation Rental Homes that come with the golf cart.

You can visit Villages Golf Cart Man online <http://www.villagesgolfcartman.com> and rent a cart on line or call them toll free 1-866-770-4779.
