New Release Adds Features to Benefit Business and Home Users

Blaine, WA, <http://www.JosephSpencer.com> announces the release of Web-Based Email 4.0, coupling the benefits of a desktop email program with the convenience of a Web-based platform.

JosephSpencer.com's Web-Based Email Accounts are fraud, spam and virus protected, POP3-configured and advertising-free. Each account offers you@yourdomain.com personalization for a truly unique e-mail identity, generous disk space to accommodate large attachments and access to accounts from anywhere with an Internet connection.

Web-Based Email 4.0 is a feature-rich upgrade to JosephSpencer.com's already successful email program, giving customers many NEW features:

- * Instantly preview email messages while scrolling through them in the inbox
- * Unique Drag and Drop to quickly move email messages for easy filing
- * Search your email OR the entire Web in a single click and save searches for future reference
- * Create folders from any screen view without a complicated folder management interface
- * Customize the program's appearance by choosing from among a wide variety of color palettes
