The magic and mystery of Bermuda with its long stretches of pink sand beaches divided by cliffs and coves covets travelers and cruisers from all over the world. Bermuda is a self governing British Dependent Territory located in the Atlantic, 640 miles off the coast of North Carolina and 1,000 plus miles north of the Caribbean, and in 2009 Bermuda is celebrating it's 400th Anniversary. The two main cruise ports, St. George's and the capital of Bermuda, the City of Hamilton are perfect spots for excursions such as water sports, golf, tours, shopping and sightseeing.

**WHY BOOK A GROUP CRUISE WITH CRUISE FREEK FORUMS?**

- 1) No forced socializations! We will certainly organize Meet and Greets and other such activities if there is enough interest, however, you are never required to attend. Likewise, you may select your dining time and table size just like if you were booking an individual reservation. It's your vacation, it's your time!
- 2) Groups generally tend to receive some type of amenities package like on-board credit and other benefits such as bottles of wine or dinner at a specialty restaurant and depending on the cruise line selected, it could even mean reduced fares for members of the group.
- 3) Reliable, dependable, trustworthy travel agents to make booking your cruise a pleasure. Unless there is a

scheduling conflict, our assigned travel agent will be escorting the group to aid with any on-board requirements that might arise.

Membership in Cruise Freek Forums is NOT required to book this cruise. About Royal Caribbean Explorer of the Seas:

There's never been a cruise ship like Explorer of the Seas. Enjoy one-of-a-kind features like an ice-skating rink, the Royal Promenade and a rock-climbing wall. There was only one way to accommodate all of these innovative ideas - Royal Caribbean built a bigger cruise ship. The 138,000-ton, 3,114-guest Explorer of the Seas offers more space for every guest - plus enhanced staterooms, expanded dining options and exceptional recreational facilities. This cruise ship is so high-tech, it even features the University of Miami Ocean Lab, a state-of-the-art oceanographic and atmospheric science lab.
