

Shermco named the North American service provider for Leroy-Somer generators and motors

Those in power, wind energy, and industry worldwide can now use Shermco to service their Leroy-Somer drive systems, generators and motors

May 12, 2008 - [PRLog](#) -- DALLAS – Shermco Industries, a leading provider of rotating apparatus and electrical power system testing, commissioning, repair, maintenance and training, has been named as the North American authorized service provider for Leroy-Somer products.

“We are proud to service Leroy-Somer drive systems, generators and motors. Their products are prevalent in power plants, wind turbines and industry worldwide,” said Chris Perry, Apparatus Services Division sales manager for Shermco Industries. “Having our technicians specially trained and authorized to service their products will provide us another way to ensure our clients have safe, reliable power systems delivery.”

LEROY-SOMER, headquartered in Angouleme, France offers a wide range of pumps, drive systems, and an extensive range of low and medium-voltage generators.

ABOUT SHERMCO

Shermco Industries is a provider of safe, reliable testing, repair, professional training, maintenance and analysis of rotating apparatus and electrical power distribution systems and related equipment for the light, medium, and heavy industrial base nationwide. Founded in 1974 in Dallas, the company is comprised of two strategic business units; Apparatus Services Division and an Engineering Services Division. With a corporate location in Irving, Texas, a sales office in Brussels and service centers in Austin and Tulsa, Shermco Industries has over 250 full-time employees and exceeds \$50 million in annual revenues. The company is a member in good standing with the Electrical Apparatus Service Association and the International Electrical Testing Association.
