"Rare Volkswagen and Ford Cobra kit car parts from Airhead Parts"

Ventura, CA -Airhead Parts (<http://www.airheadparts.com/home.asp>) , (a key retailer for manufacturer Ventura Warehouse Group (<http://www.venturawarehousegroup.com>)) is proud to offer a full line of Turn Signal Switches, 1960 through 1979 for VW Beetle, Karmann Ghia, Bus through 1971. These switches are also used for most Ford Cobra kit Cars. All have been unavailable from Volkswagen for some time, and more recently discontinued by there original manufacturer, SWF.

These Turn Signal Switches are the newest to join other essential restoration parts for Volkswagens available through Airhead Parts (or wholesale to qualified buyers through Ventura Warehouse Group) such as Signal Lenses, Brake Lights, Alternators (<http://www.airheadparts.com/page.asp?recid=28>) , Steering Wheels, Body Panels (Fenders, Doors, Hoods, Etc.) and full Interior Upholstery. Reproduction and OE VW parts (Original Equipment) have been warehoused in the interest of keeping old Bugs and all other models of air-cooled VWs and Vanagons on the road and looking new.

About Airhead Parts: Airhead Parts is an international mail order parts warehouse located in Ventura California Import parts and reproductions exclusively for old Volkswagens. Airhead Parts began selling Karmann Ghia parts (as KGPR) 20 years ago, then expanded into vintage VW Bug parts 4 years ago, This was quickly followed by the addition of VW Bus parts and more recently with the supply of VW Vanagon parts through 1991.
