Dr. Markou launch new Stop Smoking Laser Therapy in Clearwater, FL.

Laser Solutions Clearwater

and the next generation of medicine and therapy for smoking cessation.

We all know that counseling rarely works on its own and committed “stoppers” have tried patches, gum and other pharmaceuticals to relieve the pain associated with nicotine withdrawals.

But as these products either contain nicotine or have serious side effects, the committed stopper is poorly supported.

Laser therapy, as part of a complete stop smoking program, has provided a 79% effective method.

Compare that to ANY

OTC (over the counter) or prescription medication and you will fully understand the magnitude of this advanced medical procedure.
