Dated: Jun 12, 2008

Seminars for Health Care Professionals have been added to the SeminarInformation.com database.

Seminars through August 2008, directed at health care professionals, presented by Cross Country Education, have just been added to the SeminarInformation.com database of seminars and conferences.

Cross Country Education is a national leader in high-quality educational products and services for the entire health care industry.

Their seminars and training programs are designed to help health care providers achieve improved performance and results in all areas of clinical, financial and operational management. Since 1995, they have trained over 1,000,000 providers, managers, nurses, behavioral health professionals and other key personnel throughout the entire healthcare industry. They produce over 5,000 seminars and conferences annually for the health care industry.

Some of the new seminars listed include:
