

## Treatment USA bringing more exposure to sober living halfway houses in California and Florida

*Now the major recovery hubs like Orange County, Delray Beach, Los Angeles, Ft. Lauderdale, and Arizona have a simplified directory of sober living homes. Thousands of halfway, 3/4 houses and other drug / alcohol free homes are listed here!*

**June 15, 2008** - [PRLog](#) -- When it comes to finding a sober living halfway house or 3/4 house for drug free and/or alcohol free structured living, it can often times become difficult to find the right one.

<http://www.treatmentusa.com> has proven to be a huge success with it's simplicity in creating a user-friendly directory that thousands of facilities are listed.

TreatmentUSA.com was founded in order to assist person with addiction or alcoholism as well as eating disorders to find the proper drug rehab, alcohol treatment, detox, outpatient and sober living center. The founder, Philip Cory began this mission based on his own personal experience with difficulty finding treatment years ago. "All the directories that were out there didn't list all the facilities, so people in smaller populated States like mine weren't able to find the help they needed" says Cory. "Something had to be done, and with the way other sites were designed, the average person couldn't navigate their sites. That's why we created TreatmentUSA.com using simple techniques. We wanted people to see that there are over 12,000 treatment facilities available in the United States and that they could find the help they needed immediately" concludes Cory.

1 in 6 Americans is faced with addiction. That means that everyone knows someone or is that someone that is struggling with pain medications, xanax, alcohol, cocaine, heroin or even other prescription drugs.

Recovery is possible and help is near. Cory encourages those who are wanting to "get off dope" to visit <http://www.treatmentusa.com> . "And once you're sober, you can visit <http://www.soberliving.treatmentusa.com> to find a sober living halfway house to help you learn how to stay sober" says Cory.

TreatmentUSA.com , HalfwayHouseUSA.com , EDRehabs.com and TeenTreatmentUSA.com have impacted more than 90,000 unique visitors in only 6 months of existence. This small family of sites is doing more in 6 months than others have done in years.
