You can help the environment and put cash in your pocket by recycling your broken, scrap or unwanted gold at Modesto Gold, Jewelry & Coins or www.modestogold.com. Turn your Gold into Green by Recycling Gold.

We all know that recycling is important to the preservation of our environment.

However, few know how important it is to recycle gold.

Like other precious metals and valuable minerals, gold must be mined from the earth, a process that is destructive to the mine site, and harmful to humans and animals, as chemicals – including cyanide – must be used to separate the gold from the ore.

At ModestoGold.com you can recycle your broken, scrap or unwanted gold, and help minimize the impact that our demand for gold places on the environment and on the people who work in gold mines.

When you recycle your unwanted or broken gold jewelry, gold scrap, gold coins, and other gold items at Modesto Gold Jewelry and Coins, you walk out with **CASH** and we return gold that has already been mined back to the gold market while decreasing the demand for new gold mining.

We buy:

10k, 12k, 14k, 18k, 22k, 24k gold
