

## **Titanium-Jewelry.com Announces Availability of Palladium Wedding Bands**

*Retailer of mens wedding bands offers additional metals for contemporary jewelry selections*

**July 1, 2008** - [PRLog](#) -- Modesto, CA -- Titanium-Jewelry.com, a leading online retailer of titanium rings, tungsten rings and unique contemporary jewelry designs for men and women, today announced the arrival of the newest lines of mens wedding bands in stunning palladium designs.

Titanium-jewelry.com has been providing wedding bands and titanium and tungsten jewelry constructed from the highest quality materials and manufacturing techniques, for several years. The online retailer has an unmatched tap on market drivers and fashion sense, keeping tabs on the latest trends in wedding rings, wedding bands and contemporary jewelry designs. The new palladium rings offer customers even more of a selection pleasing those with even the most discerning of tastes.

The palladium rings are an ideal solution in today's weakening economy, particularly for those who like the look of white gold and platinum. Similar in appearance, palladium offers the sheen, luster and shine of platinum or white gold, without the added cost, thus ensuring beautiful and quality jewelry for less expense.

Palladium is a pure white precious metal that never yellows like white gold and has hypo-allergenic benefits like titanium rings. Rich and luxurious, palladium rings offer class and a bit of elegance that can often be shared by men or women with matching bands.

"We understand that ring buying is one of the most important purchasing decisions couples face," stated Ron Yates founder of Titanium-Jewelry.com. "For young couples purchasing mens wedding bands or wedding rings for the first time, we offer customers confidence in quality, style, price and selection," Yates concluded.

In addition to the numerous styles of titanium rings, tungsten wedding bands and black titanium rings, Titanium-Jewelry.com has a variety of palladium wedding bands ranging from the simplistic to intricate. For more information or to begin shopping for palladium wedding bands, please visit the company's website at <http://www.Titanium-Jewelry.com>.
