

Aprile Chiropractic Center of Tampa is Officially Open!

By JTT Interactive

Dated: Jul 24, 2008

Aprile Chiropractic Center proudly opened its doors this week providing premier chiropractic services to Lutz, New Tampa, Wesley Chapel, Land O Lakes, and the surrounding Tampa Bay area.

Located in Lutz, FL, Aprile Chiropractic Center proudly opened its doors this week providing service to New Tampa, Wesley Chapel, Land O Lakes, and the surrounding Tampa Bay area. Aprile Chiropractic Center takes a modern approach to health by using digital postural analysis and digital X-rays to correct structural problems with your spine. Dr. Aprile restores proper alignment of the spine through specific corrective adjustments and postural exercises, thereby allowing your nervous system to function at its highest state.

Aprile Chiropractic Center treats those that suffer from auto accident and work-related injuries, headaches, neck pain, low back pain, sciatica, leg pain, herniated or bulging discs, degenerative disc disease, and spinal stenosis just to name a few. Rather than just treating the pain, Dr. Aprile discovers and corrects the injury, the root cause of your pain, with the use of modern chiropractic equipment and techniques. Some of the services and techniques utilized by Aprile Chiropractic Center to accomplish this include spinal decompression, deep tissue therapeutic massage, and a postural corrective care plan.

Joseph Aprile D.C. graduated from the University of Florida in 1997 with a Bachelors in Microbiology and earned his Doctor of Chiropractic in 2001 from Life University in Marietta, GA. Dr. Aprile is a Tampa native, so he wanted to bring his knowledge of chiropractic back to his home town. He practiced in Tampa for six years until establishing "Aprile Chiropractic Center" in Lutz, FL. in 2008.

Dr. Aprile has always focused on physical fitness and nutrition. Along with a strong desire for achieving optimum health without the use of drugs or surgery, he developed a passion for the chiropractic profession. Dr. Aprile believes in taking the whole person approach by evaluating the nature and origin of each patient's symptoms and educating them on healthy and functional lifestyles.
