

Volk Corporation Launches New Web Site and Online Store

By Volk Corporation

Dated: Jul 29, 2008

Volk Corporation, a manufacturer and distributor of marking and identification products, recently launched a new web site and web store that offers a variety of product lines that can be navigated quickly and easily and purchased online.

Volk Corporation is a manufacturer and distributor of marking and identification products to a broad customer base since 1890. Recently, the company launched a new web site that is designed and structured to allow visitors to navigate through numerous product lines and more than 10,000 products easily and quickly.

The company has also created a new web store. This store offers a variety of product lines that can be purchased online. The store also features products with dynamic online prices to introduce visitors to the company. The store is secure with the most sophisticated security available. The site is supported by a team of Inside Sales Professionals with many years of experience in the marking and identification industry.

Volk Corporation has been ISO certified since 1998. The company's website address is <http://www.volkcorp.com>.
