

Cellular Phone Repair Center Joins Fayetteville Chamber of Commerce

By Cellular Phone Repair Center

Dated: Aug 20, 2008

After two months in Fayetteville, the Cellular Phone Repair Center has joined the Fayetteville Chamber of Commerce.

FAYETTEVILLE, Ark. -- After two months in Fayetteville, Cellular Phone Repair Center joined the Fayetteville Chamber of Commerce on August 7.

"We're proud to be part of an organization like the Fayetteville Chamber of Commerce," said Alex Iser, CEO and founder of the Cellular Phone Repair Center. "Fayetteville is a wonderful city and we love being here. We've spent a long time helping people in the tri-state area, and we want to reinforce our commitment to the community."

With around 1,500 members, the Fayetteville Chamber of Commerce works to enhance the quality of life in the northwest Arkansas region, and encourage tourism to the Fayetteville area.

Though originally based in Tulsa, Okla., the Cellular Phone Repair Center opened a new store in Fayetteville in June of 2008. Since then, they've been providing fast, reliable cell phone repairs for affordable prices for northwestern Arkansas.

"With most cell phone repairs, we can get it done in 24 hours or less," said Iser. "Usually, we can get them finished in less than 24 hours, which means you don't have to be without a phone for very long."

And thanks to their many years of service, the technicians at Cellular Phone Repair Center have seen and fixed just about every cell phone repair problem known to man.

"Liquid damage, cracked LCD screens, broken flex cables, you name it," Iser said. "We've seen it all. And the good news is that most of it is repairable, so you don't have to go out and get a new phone just because you dropped your current one in the lake."

Customer Hunter R. found the people at Cellular Phone Repair Center knowledgeable and helpful after his BlackJack got wet when he waded too deep on a frog gigging trip.

"I left it (my phone) overnight, and by morning, it was good as new after a \$35 'thorough' cleaning," Hunter R. said. "Highly recommended, honest, fast, and helpful!"
