

CertExams.com CIW Associate Certification Practice Exams

By Anand Software and Training Pvt. Ltd.

Dated: Aug 23, 2008

CertExams.com, a leading certification tests provider released CIW Associate practice tests. The practice tests provide a simulated test environment for candidates before appearing for the actual certification exam.

CertExams.com, a leading certification practice tests provider has released CIW Associate (CIW stands for Certified Internet Webmaster) practice tests. One needs to pass CIW Foundations exam to obtain CIWA certification. CIWA is intended for candidates who have experience in web site design and development. The practice tests offered by CertExams.com include 250+ questions that provide a simulated test environment for candidates and facilitate taking final exam with confidence.

The advantages of a simulated exam are:

- To prepare for the exam objectives thoroughly from a different perspective (from the study guides)
- Ability to gauge one's preparedness to take actual certification exam
- To acquaint oneself with actual exam environment (such as timed test, lab practice, scenario based questions, etc.)

The CIW Foundations exam validates the basic skills and knowledge that a professional is expected to understand and use in hosting and web design. Foundational skills include basic knowledge of Internet technologies, network infrastructure, Web authoring using XHTML, and job skills such as project management.

The website is currently offering CIW Associate certification practice tests. More will be added soon. Download CIW Foundations exam or read more about the Certification exams at
