*SysTools announces PST to NSF Conversion Tool*

**SysTools** the revolutionary in the field of Desktop Data Recovery (DDR) & Enterprise Data Recovery (EDR) today announced the General Availability (GA) of its next generation product PST to NSF Conversion tool. Its part of the bigger goal of achieving an end-end solution in the fields of Lotus Notes and Outlook conversion tool.

SysTools Outlook to Notes easily performs conversion of email folders (Inbox, Sent Items, Drafts, Deleted Items, Outbox, Deleted Items), email properties (to, cc, bcc, attachments, sent & received dates), calendar, tasks, contacts, notes. SysTools Outlook to Notes software efficiently convert PST files of MS Outlook 97, 98, 2000, 2003, 2007 to Lotus Notes 8.0, 7.0, and 6.5.

I'm quite excited about this new product. The product is culmination and consolidation of all the ideas and feedback that is obtained from the customer of our premier product ExportNotes. This will ensure the launched product will be more closer to the user and will cater the usability aspect. Also this product becomes a boon for those users who want to move from Outlook to Lotus Notes mail client and vice versa.

The tool can be downloaded from
