

ShowMeLocal.com Creates the Premier Local Business Marketing and Networking Destination on the Web

Website Combines Marketing, Social Networking, Search Listings and More All in One Place

Sept. 8, 2008 - [PRLog](#) -- NEW YORK – Businesses looking to boost their local market share and presence during the economic slowdown have a new and affordable destination on the Internet to grow their business.

ShowMeLocal.com announced today the release of its one-stop fully functional website –after a successful beta launch – with opportunities for businesses to find new local customers using the power of Internet marketing, web 2.0 tools, advertising, social networking and search listings.

“We’ve proved to deliver great results for our clients, establishing and dramatically increasing their online visibility, driving local profiles to the top organic positions in all of the major search engines,” said Eugene Belenky with ShowMeLocal.com. “Our profiles are rich in all of the latest business Internet marketing features, helping business owners to fully present their businesses and convert visitors to loyal customers. Best of all local business profiles are very easy to manage.”

ShowMeLocal.com enables businesses to unleash a unique mix of search marketing and social marketing in their local area to grow their businesses. They are constantly increasing and upgrading the functionality of the website, introducing new and unique services ranging from widgetizing various profile sections, providing insertable content to a various social and personal sites such as MySpace and promoting synchronization with Facebook pages.

“We want to help businesses grow in their local market by having the most advanced suite of marketing tools available for them to use,” Belenky said.

It is free for a business to get started at ShowMeLocal.com and full subscription packages are priced up to the deluxe package at a very affordable \$34.99 per month. Premium profiles are advertising free, have extended collections of features, unique splash pages and detailed statistics for each visit to a business profile.

“We understand the need for return on investment of marketing dollars and have put the analytics in place to demonstrate the outstanding value we provide businesses,” Belenky added.
