*The Platinum and Golden follicle awards are the highest honors given to leading physicians by the ISHRS at each meeting. The Hair Transplant Network congratulates follicle award winners and long time Coalition members Dr. Cooley and Dr. Rose.*

The Platinum and Golden follicle awards are the highest honors given to leading hair restoration physicians by the ISHRS at each meeting. These awards recognize outstanding achievement in basic scientific or clinically-related research in hair pathophysiology or anatomy as it relates to hair restoration.

This year, two outstanding physicians have been recognized by their peers and given the highest honor of being awards Platinum and Golden follicle awards. The Hair Transplant Network congratulations to Dr. Jerry Cooley of Charlotte, NC and Dr. Paul Rose of Tampa, FL who received the Platinum and Golden Follicle Awards respectively. Both surgeons are long time members of the Coalition of Independent Hair Restoration Physicians.

For years, these two hair restoration physicians have been recognized by their patients on our hair loss forum for consistently producing excellent results. No wonder their peers have recognized them as leaders and teachers in the hair restoration field.

Both hair transplant surgeons were respectfully given a standing ovation by their colleagues at the Gala Ball during the annual ISHRS 2008 scientific meeting in Montreal. Based on the outstanding reviews online by their patients, had they been there, we suspect that the applause would have shaken the foundation.
