

Dr. Karen Starkey now offers Essure Sterilization done in the office with mild sedation.

IRIS Centers announces Dr. Karen A. Starkey MD will now offer Essure, the contraceptive device procedure, in office. The practice will also offer the Thermachoice® Ablation, Smartlipo® laser lipolysis and Gynecological Cosmetic Surgery.

Sept. 24, 2008 - [PRLog](#) -- Dr. Karen Starkey is a board certified gynecologist who has practiced in the Phoenix area for 12 years. She now practices at 4530 East Ray Road, (Ahwatukee) Phoenix, Arizona 85044, in the Foothills Health Center.

Her practice is women's care with the emphasis on women's surgical needs. She is a sole practitioner, which allows her to establish a more personal relationship with her patients. Dr. Starkey feels this relationship is needed to better treat and diagnosis women's issues. She states it is her belief that, "women don't want to be rushed through an exam, without the time to develop a relationship and trust with their doctor," she feels this is especially important as her practice is heavily surgical.

For the convenience of her patients, she is now offering Essure®. This procedure is used to treat women wanting sterilization. Essure® is minimally invasive, with no cutting or scarring. The procedure is done in the office and the patient can return to work in as little as one day.

Dr. Starkey offers other procedures, inclusive of the traditional gynecological surgeries. These procedures are advanced laser procedures that are minimally invasive. . Laser Vaginoplasty and Labioplasty correct problems that interfere with the daily lives of many women. Dr Starkey's goal is to offer women the latest and best treatments to improve their lives and to do it without weeks of recovery.

Along with all the general health procedures Dr. Starkey is offering Cosmetic treatments to her patients. The current treatments are Vaser® Liposuction, Smart-Lipo® (laser lipo), Restylane® and Botox.
