*Now children can enjoy and adults can be inspired by a new free video series of felt board stories from Cullen's Abc's (CullensAbcs.com ), and sponsored by Story Time Felts (FunFelt.com ).*

Cullen's Abc's (<http://www.CullensAbcs.com>) and Story Time Felts (<http://www.FunFelt.com>) offer you this entertaining felt board story video, the Five Little Monkeys, to view free online. Cullen's Abc's, the renowned producer of free, children's videos, has teamed with Story Time Felts, a leading designer of felt board stories. This creative alliance now hosts an imaginative video series - "Children's Videos Felt Board Stories Sponsored by Story Time Felts" - that showcases stories that entertain and develop children's skills. The free video series can be found at both the Cullen's Abc's and Story Time Felts websites.

Every story in the series not only entertains, but also deliberately develops children's skills such as: matching and sequencing, problem solving, listening, thinking, creativity, rhyming, values, numbers and letters, and even story telling. Adults will recognize how quickly their children's imagination and communication can soar. Children can use each felt board story to retell a story or to imagine many new stories.

"Listening, repetition and counting make this fun video a favorite!," states Cullen Wood, Founder of Cullen's Abc's. "Make sure you children count the remaining Monkey's with throughout the story."

"Kids these days are so used to being entertained with TV and video," Karen Clark of Story Time Felts says. "With these videos of felt stories and finger plays, it is a way to introduce these "high tech" preschoolers to the world of classic learning through play. I love it!"

Cullen's Abc's is pioneering the use of online video to distribute free, children's videos that are entertaining and educational, and activity idea videos for adults. All videos and activity ideas stimulate young children's development at home and in the classroom. Cullen's Abc's has produced hundreds of videos for young children and adults that have been viewed millions of times. A DVD and CD of the most popular videos and songs are available at the CullensAbcs.com website.
