

Fajas Firm Reduce 2 Sizes Immediately

Have a great body in five minutes or less with the industry's best foundation underwear (and have the opportunity to begin your own business)

Oct. 11, 2008 - [PRLog](#) -- Solaris store is introducing Chemisette a new company in the United States market that offers thermal, design, body shaper, stockings, knee-highs, pantyhose, intimate apparel, health, and aromatherapy lines, we not only offer the most exclusive garments and high quality products but also we open new career horizons for men and women.

In the website www.Solarisstore.com you will find the great Chemisette with its many offerings. We also have the line Firm International with its wonderful fabric Power net, this line offers Firm Control foundation underwear for the person who really wants to be remodeled from head to toe without costly plastic surgeries and lengthily recuperation, and have the figure of their dreams right away. Is for people who understands this is not the time to wait to lose those pounds.

Many men and women experience the horror of shopping off the rack, testing their frustration, we come in different shapes and sizes, when you have an undergarment that can correct not only the posture but the unattractive extra fat in your thighs, flatten your tummy area 6 inches, make you look two sizes smaller immediately, it will give you piece on mind, most importantly make that dress or suit look wonderful on you for that party and the pictures that will be seen forever. Don't be surprise if you lose one dress size or pant size in forty days. It also closes the ribs for an even slimmer torso.

This is not your grandmother's corset and girdle, nor is the whale bone corset ,it is new technology from Japan, Europe, Chile and Mexico. The new revolutionary fabric is called Power net, it retains its shape even after six or more years of usage. It is porous, allows the skin to breath, helps the lymphatic system to drain, can be use right after plastic surgery, requires minimal care, acts like a foundation for clothing so that they look the best when worn.

Everybody knows when people look better, they want to do things to continue on the that path, when people are overweight or just had a baby it is not the time to feel down or depress. When a Hollywood celebrity was asked 'How come you look so thin right after having a baby' she answered " I put some blush on my cheeks and wear a girdle", this was her honest answer, you know her as the protagonist in Shakespeare in Love. that's exactly what most of the Hollywood celebrities do after having a baby, that's why they look so thin after having their babies. It really works, the proof is in the pictures.

As you can see we have a extensive line of products that help you in your quest for better health and beauty, everything is helping from outside in, it is not like a prescription drug, for example, if a remodeling treatment, portable sauna, aromatherapy, or cream is not working for you, you have the opportunity to stop it right away without ill secondary effects. Unlike a drug, once ingested and it was bad for you, sorry but you can not reverse it unfortunately the harm is already done.

To the busy men and women who can not relax or get sick all the time we have the best aromatherapy in the world from Payan Bertrand France number one in the European market. An example from our wonderful aromatherapy product line is Oleo Forte 100% natural and organic product that works with your body defenses helping your body heal itself, the application is easy just put it in your warm zone areas like your neck, pulse, your head and inhale it, your migraine is gone.
