

## Motorbike Tours Announce New Motorcycle Tour

*www.motorbike-Tours.co.uk has recently released their 'Spanish Heartland' tour. After listening to customer feedback, an eight day tour has been added to their portfolio. The tour is a one centre trip, based to the east of Madrid.*

This is a seven night, one base tour. A friendly rural hotel where Castilla y Leon meets Aragon and La Rioja, serves as the hub. From here there are daily excursions within the scenic surroundings. The area is renowned for its pure, clean air derived from its forests and lack of industry. Castilla y Leon is the biggest region in Spain and also one most picturesque, whilst La Rioja is world famous for its wines.

Amongst the destinations of the daily excursions, is the 'Parque Natural del Canon del Rio Lobos', the 'Picos de Urbion' and the fantastic 'Monasterio de Piedra' which nestles in a green exotic park.

Alan Liptrot, the founder of motorbike-tours said, 'we are responding to the wishes of our clients, who have specifically asked for a seven night tour to add to our longer tours. We're very excited about this tour, and are sure it's going to be a big hit. The longer tour covers pretty much the whole of Spain, and when you include the ferry time, becomes a long holiday, so this new tour is going to please a lot of people.'

The tour has only just appeared on their website at [www.motorbike-tours.co.uk](http://www.motorbike-tours.co.uk) but is already attracting a lot of attention, so it is likely that the tour run will be extended into the summer and autumn.

According to the official blurb, all the tours are designed with fun in mind, and recently having met the guides during a short visit, I can well believe it.
