QueeredFiction - Out between the pages

We are coming out from between the pages and delivering great queer genre fiction!  
QueeredFiction is a start up small press publisher that will focus on the Gay, Lesbian, & Bisexual 'Genred' market. We will begin publishing in 2009, delivering Fantasy, Science Fiction and Horror with strong Queer content, characters and genre elements ... most of all we intend publishing great Queered Fiction.

No one steps out of the closet in a day ... Queered Fiction is a new born queer small press publisher and we're making our first steps into the world to claim our own vibrant place in the genre GLB niche market. We intend to publish between four and eight titles in 2009, in both eBook and Paperback formats.

Submissions are sought for our Anthology Queer Wolf
