

Internet Startup Announces Full Network Indexing by Major Search Engines

By GoHoster

Dated: Oct 29, 2008

GoHoster today announced that its social publishing network has been indexed by the major search engine

Internet startup GoHoster.com is pleased to announce to its publishing community that their web pages have been indexed and is now searchable on major search engines. " This is a milestone for the project" said founder Brian Fowler "Having our publishers pages indexed and accessible from search engines was one of objectives when we created the platform" continued Fowler.

GoHoster is a free online tool that makes it easy for anyone to create and publish useful, attractive web pages in just minutes.

GoHoster is still in an early testing phase. If you're interested in taking it for a test drive, visit <http://www.gohoster.com> and create an account and start building your GoHoster pages today!
