Scorpio - Latin for "the Scorpion" (Skorpions in Greek) are born during the time frame October 23 to November 22.

Since I'm a Scorpio, I'm offering a Buy One Get One 50% Off Sale on Linda B's Gemstone & Glass Jewelry Designs. You can even pre-order a custom pair of earrings or a child's holiday bracelet and pick it up at the Hollidaze Craft Show on November 15 at the NIU Naperville Campus. SpongeBob and Santa will be there for this family event.

Scorpio is all about power and self-mastery. Scorpio is known as the physician's sign, as Scorpio also wants to give to others. Scorpio is often psychic, making excellent diagnosis of illness. (My husband can do this.)

Scorpio can be protective of loved ones in the home. Do not try to hide in goings on from Scorpio, as they like to know everything. Scorpio has very strong likes and dislikes and lets all know what they are. Good jobs for Scorpions are police officers, investigators and teachers.
